

# Automated Searching of APRF for Military Surplus

The Swafford Industries Military Surplus Locator Database has been configured to automatically retrieve and uncompress current Active Purchase Request Files (APRF) directly from DLA's Reading Room website ( [http://efoia.daps.dla.mil/b\\_aprf.htm](http://efoia.daps.dla.mil/b_aprf.htm) ). This daily process allows personnel to quickly scan current Purchase Request for potential Military Surplus items. (See diagram below.)
